LYNN ASHLEY ELECTED PRESIDENT OF JUNIOR CITIZEN'S ASSOCIATION

As in the organization of any association, election of officers comes first, and so it did in the Junior Citizen's Association.

Nominations were received at a meeting on June 28. Another meeting was called for the elections, the successful aspirants for the offices are the following:

President - Lynn Ashley
Senior Vice-Pres. - Mary Clare Bonham
Junior Vice-Pres. - John Williams
Secretary - Louise Burke
Treasurer - Lorraine Woast
Sergeant-at-Arms - John Freeman

Police Officer Yale B. Huffman was unanimously named Chief Advisor.

It was decided that the meetings should be held on the second and fourth Tuesday of every month.

Through Mr. Peter Carroll, Community Manager Braden, Assistant Manager Fulmer, Mrs. Hartford S. Downs and Chief Mabec's efficient directions and instructions this Association has reached its present working order.

The first executive meeting was held on Thursday evening, at which time a resolution was passed for a Recreation Hall in Greenbelt. Lorraine Mullen and John Freeman were appointed to take charge of baseball for Juniors in Greenbelt. Six soft balls and two soft ball bats were turned over to each on Friday.

This is the beginning of what promises to be as popular an organization as the Senior Citizen's Association.

Louise Burke, Secretary.

THOUSANDS CELEBRATE FIRST FOURTH

Celebrated by approximately 5000 participants and spectators, Greenbelt's first Fourth of July, featured by all day festivities and a spectacular fireworks display, came off without a single violation or serious mishap.

Chief of Safety Wallace Mabec, who was in personal supervision of the policing for the holiday, reports. Upwards of 3000 cars were parked at the lake on Monday, without a single accident. Police officer George Panagoulis was in charge of parking, and officers Huffman, Attick and Walker were also on duty and handled the situation masterfully.

Greenbelt's present population of 2540 was greatly augmented by visitors, and both residents and guests gathered at the lake front, where most of the day's events took place. Perfect weather added to the day's enjoyment.

A bit of color was injected into the day's activities by the arrival of four dusky sailors from the "Almirante Saldanha", a Brazilian warship on a good will cruise, anchored in the Potomac. The sailors, speaking only Portuguese, registered admiration for Greenbelt through broad grins and nods. They were guided around by Telio G. Araujo, a native of Brazil and an employee of Greenbelt, who acted as interpreter for the sailors.

The lake front was a hubbub of activity all day, the gaily decorated concession stands, lending a carnival atmosphere to the place.

A very entertaining feature of the day's program was the water carnival

(See FOURTH OF JULY, Page 7)

MRS. O. KLINE FULMER CHOSEN HEAD OF WELFARE COMMITTEE

Mrs. O. Kline Fulmer was elected Chairman of the Welfare Committee of the Citizen's Association at its last meeting, June 30. She replaces Mrs. Peter Carroll who accepted the position temporarily while the group was being organized, and until a permanent chairman could be selected.

The committee passed a resolution urging the Prince George's County to establish kindergartens in its schools.

It considered specifically the possibility of a kindergarten and a nursing school for Greenbelt, and Mrs. Fulmer reported that definite steps are now being taken to provide them.

Shade for the sand boxes was also considered, and the Committee is urging the management to provide it.

Reports of the various sub-committees were heard and discussed. The work of these groups has been and will continue to be reported in the columns of the Cooperator.

MISSOURIANS HOLD PICNIC

The first big Missouri State Society get-together took the form of a picnic at Indian Springs, Sunday June 26.

There was a fine turn-out, a total of twenty-eight including the children of each family. It was agreed that a swell time was had by all who attended. The Missourians that could not attend this picnic, we hope will attend the next one. Mr. Allen Morrison was excused this time for his absence, due to the arrival of his new son, Billy Braden Morrison, just one week before.

The Missourians who attended included Mr. and Mrs. J. Ashley, Mr. and Mrs. D. Lee, Mr. and Mrs. E. R. Kyle, Mr. and Mrs. N. F. Marti, Mr. and Mrs. R. Porter from block B. Mr. and Mrs. H. Young, Mr. and Mrs. G. Bauer, and Varina and Mary Jane Craig representing Mr. and Mrs. Craig.

Softball was played for a while and from the catching of Mrs. E. R. Kyle and the home-run hitting of Mrs. D. Lee and Mrs. N. F. Marti, it seems as if the Bees softball team would do well to sign these girls up. What d'ya' say, Bees?

CAMERA CLUB AWARDS PRIZES

The prize winners in the "Life In Greenbelt" snapshot contest sponsored by the Greenbelt Camera Club are as follows:

J.W. Taylor, 1A Northway, 1st Prize

George Fair, 3 E Parkway, 2nd Prize

D. H. Lee, 13N Ridge Road, 3rd Prize

Many fine prints were submitted and the Club wishes to express its appreciation for the fine cooperation shown by the citizens of Greenbelt, the Consumer Services, Inc., and the judges, Mr. Martz and Mr. Barberie.

MODEL FURNITURE ON DISPLAY

The miniature furniture on display in the Drug Store window is made on a scale of two inches to the foot, measurements taken from the Montgomery Ward Catalog, by Tom Howard, 46 C Crescent Drive.

The dining room set consists of buffet, china cabinet, table and six chairs made in Queen Anne style and stained mahogany.

The bedroom suite is made of choose boxes from the Food Store. It consists of bed, chest of drawers, dresser, stool and rocker, made in Tom Howard style and shellacked to keep its natural color.

Mr. Howard does this work with an ordinary penknife, in his spare time as a hobby. This is his first attempt at furniture making, but he has whittled for years. Other things he has carved are elephants and chains.

MERCHANT'S TRUCK CATCHES FIRE

The town fire truck and police wagon were called out Friday evening at 7:40 when a Merchant's Transfer truck caught fire on Crescent Road by Eastway. The fire was put out by an alert spectator with buckets of water before the firemen arrived, which was mighty soon at that. The fireman turned around and went home but the police were needed to handle the traffic which had become congested. The Transfer truck was damaged only slightly and drove off under its own power.

GIRL HURT BY FIRECRACKER

Dorothy Wood, 11, of 58-J Crescent Rd. received an injury to her left ear the morning of the Fourth, when a firecracker tossed by her brother, Harry, exploded close to her.

STORE SHARES TO BE OFFERED GREENBELT CONSUMERS THIS SEPTEMBER

The C.O.C. (Cooperative Organizing Committee) plans to begin selling shares in the local stores this September, according to Mr. Peter Carrell, Chairman of the Committee.

The shares will cost ten dollars and may be bought on installments.

With the sale of these shares and the completion of necessary arrangements with Consumer Services, Inc., Greenbelt citizens will actually assume direction of the stores, which will then become in fact co-operative.

At present the stores are being financed, organized, and managed as part of the public service program of the Consumers Distribution Corporation, of New York, which was formed under an endowment of the late Edward A. Filene. The Corporation is acting as trustees for the citizens of Greenbelt under an agreement with Farm Security, made so that the stores might be reserved for their patrons until said patrons are ready to run them themselves, co-operatively, which must be before December 31, 1939, if at all.

All profits accrued up to the time the stores are taken over become the property of the co-operative and will be distributed as the group decides.

Profits will not be distributed to non-shareholders, but arrangements may be made to apply them on purchase of shares.

Shares do not represent a charge for the privilege of collecting dividends; rather they constitute each individual's share of the cost of the stock and equipment in the store. Any person going into business has to invest a certain amount of working capital in it, and that is what a co-operative group must do. A certain part of the needed amount may be borrowed, but borrowing is costly, and it has proved soundest policy to do as little of it as possible, and to insist that each member contribute his part to the financing.

However each share will always stand for a definite proportion of the tangible assets of the stores, equivalent to cash, and may be sold back to the group if the owner moves from the community, or decides he no longer wants to participate in the enterprise.

WEATHERBY APPOINTED DIRECTOR

Herbert W. Weatherby, 2F parkway, has recently been appointed a director of the Greenbelt Health Association to fill the vacancy made by the resignation of James Dunaway.

Mr. Weatherby, who holds a M.B.A. degree from the University of Kansas, came to Washington from Lawrence, Kansas in 1937. He is employed at the Bureau of Accounts of the Department of State, Washington, D.C., and moved to Greenbelt on April 1st.

He is a real Health Association booster and will represent the apartment dwellers on the Board.

JUNIOR CITIZENS GATHER AROUND CAMPFIRE

One hundred and twenty members were present at the first summer campfire of the Greenbelt Junior Citizen's Association. Fred Wilde led the singing of old favorites with the help of Harry Fleisher and his organ. In a singing contest between the boys and girls the girls were judged winners because of superior tone and harmony, although the boys produced more volume.

Mrs. Mary Willis told several stories, including Little Orphan Annie and The Steamer Chair, which were much enjoyed. Even the adults present kept quiet.

John Williams, Junior Vice-President of the G. Jr. C. A. thrilled his colleagues with a ghost story.

The campfire wound up with "Good Night, Ladies", and they all went home.

GREENBELT FLAG COMPLETED

History was made last Thursday when the wives of the Councilmen of Greenbelt met at the home of Mrs. Sherrod East, 33L Ridge Road to make the first Greenbelt Flag.

The flag, designed by Miss Mary Clare Bonham, a junior in the Greenbelt High School, bears a lone pine tree on a field of white within two wide stripes of green.

The banner, measuring 3' x 5' was beautifully worked in silk by Mrs. Louis Bessemer, Mrs. Robert Jacobsen, Mrs. Henry Maurer, and Mrs. Sherrod East, our own "Betsy Rosses". It was first displayed, and most appropriately, last Monday, on our Nations Birthday.

THREE TOADS RESCUED

Three lucky toads were rescued Thursday by the Misses Doris Goodman, Betty Jane Pick, and Amelie Benjamin. The girls were walking by the school building when they noticed a small pit in the ground with an iron cover. They looked in and saw three toads. They tried to raise the cover but it stuck too tightly. Finding some sticks they began to loosen the dirt around the cover and finally succeeded. Betty Fick went down while Doris Goodman held the cover up. As the last toad was brought to the top, the iron cover dropped, giving Betty Fick a bump and bruise on the head, a scratch on Amelia's back, and a sore foot for Doris. Donald Fick, who was also there received a bump on the head, and a scratch on the arm. Tears came to their eyes, but they laughed them off. Soon the little heroines were O.K., and remarked, "We're glad we saved the toads anyway."

SENIOR GIRL SCOUTS ORGANIZE

The first meeting of the Senior Girl Scouts of Greenbelt was held at Mrs. Margaret Poston's home, at 11 C Northway, June 19. Personnel Committee of Prince Georges County, and Miss Jarvis, Scout Leader, spoke to us and answered our questions about Scouting. We learned about the International Encampments in Switzerland to which four Girl Scouts from America are sent every year, about the different committees in Prince Georges County, which make possible our troop, and about the Day Camp in Greenbelt where many of our Girl Scouts will spend happy days. It was a very interesting meeting in all, and those who did not attend before, come this time and bring your friends. This week's meeting will be at Mrs. Poston's home on Wednesday night at 7:30. (This Wednesday)

The following are Greenbelt's Senior Girl Scouts today:

Betty Andrus, Doris Bates, Shirley Freedman, Marie Louis Lemira, Mary Provost, Phyllis Warner, and Celie McDougal.

Celie McDougal, Scribe

CHOIR AND CHORAL SOCIETY
HAVE CAPABLE GROUP

The Community Church Choir have greatly augmented its membership and has been contributing excellent group singing to the church services. Handicapped by the lack of a suitable musical library, it is nevertheless working diligently with the music it has and under the direction of Lydalu Palmer, its members are getting together in their singing nicely.

This group also forms the nucleus of the Greenbelt Choral Society, which however is not an organization of the Church, and to which every singer in Greenbelt is earnestly invited. It holds its meetings on Wednesday at 9:00, following the Church Choir practice which begins at 8:00. It expects to offer public performances during the summer.

Following is the present membership of the Society:

Lydalu Palmer, Director

Mrs. Bernice Claxton

Mrs. Hore Bracken

Mrs. Katharine Houlton

Mrs. P. B. Wofsey

Mr. and Mrs. Fosnight

Mrs. Beatrice Whittemore

G. R. Seybold

J. C. Kramer

Mrs. Max P. Hayes

Irving D. Johnston

John J. Perkins

Jerry C. Oosting

Lucy Ann Neblett

Bill Neblett

Mr. Benjamin H. Dozier

Mrs. Annis Burdock

Mrs. George Carnes

Mrs. Rives Martin

Mrs. George Barr

E. J. Swailes

Fred Wilde

Mrs. Chester Alclo

Mrs. Miriam Provost

Miss Ann Jacobsen, of Minneapolis is visiting at the home of her brother, Mr. Robert Jacobsen, 11 C Gardenway.

Mayor Louis Bossomer, who is also President of the Journalistic Club, recently sent greetings to the Cooperator Staff from Florida, the home of his youth, where he has been vacationing. He returned to Greenbelt July 4.

WHAT'S IN A NAME?

By Vernon Hitchcock

GREENBELT, MARYLAND, one of the (V.L.) HAVENS of refuge planned by Uncle Sam for (C.) LOVE salaried workers who have not yet become (P.C.) RICH off the fat of the (L.B.) LARD, is located a few (E.P.) MILES (Sherrod) EAST of the Nation's capitol.

No humdrum town is this, but colorful indeed with its (F.H.) WHITE, various shades of (J.C., P.H.) BROWN, (C.F., R.R.) GRAY, and (Richard, Pete) GREEN, and one solid color which is definitely (C.L.) ALLIED.

The wide variety of men might also cause one to wonder and, pardon us, boy scouts, we can literally "Be Prepared" for any and all occasions with our (T.R.) FREEMAN, (T.S.) GOODMAN, (H.C.) MEENYMAN, (C.A.) SANDMAN, (C.V.) SHUTMAN, (Bob) WHITEMAN, (Lyman) WOODMAN and, notwithstanding the signs of returning prosperity, our (J.V.) HOLLOWAN (but aren't we all, a day or two before payday?)

Strict sobriety will be an added feature which should meet the hearty approval of peacelovers. The town boasts only one (V.A.) BREWER and, while the management had indicated that those who desire (Wm.) LAY occasionally mount the (W.J.) BIERENBACH. They have also warned all and sundry to steer clear of the (S.) WEINSTEIN or they might find themselves in the jug. The polished (G.B.) BARR and the mickey (B.J.) PINN remain only as pleasant memories of more hilarious days.

The recreational facilities are such as will warm the hearts of all nature lovers. During the (L.F.) DAY the (S.B.) RIDER or (G.B.) WALKER may take a lone trek over the (C.D.) HILL and through the (A.J., D.D., Harry) WOODS and roast out the BOB O. LINK and BOB WHITE, listen to the cooing (R.F.) DOVE or watch the majestic (E.P.) BARK soaring overhead. The (H.H.) FISHER may toss his line into the (D.B.) BRANCH from one of the scenic (Helen) BRIDGES and hope for success. Or, on hot summer afternoons, a dip in the (Wm.) POOLE certainly will not be amiss.

Man's best friend, the dog, will of course be mistreated on these excursions, because in this modern Utopia the (C.F.) BARKER is strictly taboo. This may

(K.) BUCK the majority decision but the repercussions have been somewhat (H.A.) BARK, and probably will not reach (J.C.) GALE proportions.

In the cool of the evening, after the (I.J.) CHILDS mother has tucked the little tot, tired and (R.E.) CROSS from his day's (J.C.) CHASE, between the (J.E.) SHEETS and the (C.A.) SANDMAN has guided him on a (B.) SIFT trip to slumberland, we are all set for a (T.N.) GAY frolic in the moonlight. It's no trouble at all. The (H.) YOUNG people just call the (M.) WEINERMAN, have the (L.) WOODMAN gather all the (A.J., D.D., H.) WOOD, and meet at the picnic spot about a (H.F.) STONE'S throw from town.

What if it rains? Don't let that bother you. Just hop in the (H.A.) CARR with your best girl, and let it rain. Of course, if an (B) AXELROD breaks, that's O.K. (Fulmer), too, if you can arrange to have the right girl and be in the right spot. Then, if you can't be (W.L.) GOOD, at least try to be (Geo.) FAIR.

When the warm summer sun is followed by (H.A.) FALLS damp chilly weather and it's time to (L.M.) SLAUGHTER the (H.W.) PIGG and the (J.H.) LAMB is ready for stew, you can settle down on the (Edward) DAVENPORT for a (J.A.) LONG quiet evening, brush the (H.) RUST off a few of your indoor games, and review the ups and (S.H.) DOWNS of the past summer.

To make a (J.A.) LONG story short, many (we hope), from this humble beginning may find the right (H.H.) KEY and eventually (R.E.) CROSS the threshold into the (H.) HALL of fame. Remember---Mr. Woolworth used to black (H.S.) BOOTS.

Have I been perfectly (J.W.) FRANK about this situation? Well -- (W.) MABEE I have gone a (H.) LITTLE (F.L.) WILDE and should've (J.) DUNAWAY with the whole idea. On the other hand, there's plenty (C.R., H.R.) MOORE if you want it. If not, just keep (C.V.) MUE.

A WORD.....

It has been called to the attention of the Cooperator that certain houses in Greenbelt house people who use them for noisy hilarity until the small hours of each Sunday morning. These people may not realize that they are causing their neighbors acute discomfort.

Editorial

GREENBELT COOPERATOR

Telephone Greenbelt 3131

Vol. 2, No. 26

Published weekly by the Greenbelt Cooperator Publishing Association under the auspices of the Greenbelt Journalistic Club. Its sphere and policies are as follows:

1. A non profit enterprise.
2. Nonpartisan in politics.
3. Neutral in religious matters.
4. An open forum for civic affairs.

TO "A READER" AND MRS. J. C. M.

The Cooperator has well considered its policy of printing no letters TO THE EDITOR which are not signed. We insist upon printing the names too.

We have referred the matters with which your letters deal to the appropriate parties, and are holding the letters. We want to publish them--if you will give us your names.

This matter of speaking out, in general--by all means do. If you have a suggestion; if you think somebody should be called to order; in other words, if you can make a definite contribution to the welfare of the town, please consider the Cooperator a medium through which you may make this contribution. But accept the responsibility and take the credit for having made it.

If your letters have a definite point, are as brief as possible, are printable, and are signed, then we want them badly. The Cooperator recognizes them as an important feature of democratic government.

TO THE EDITOR:

May I call attention to the fact that in the article "Children Steal Show" by John Murray in the Cooperator of June 29th, no mention whatever was made of the excellent work of the play's director, Mrs. Claire Warner. She deserves credit for doing so fine a job in the first play she has directed, and also for being the first director of the Greenbelt Players to use children in the cast. Even though the children all showed unusual talent, their direction involved an immense amount of work, and I, for one, like to see credit given where credit is due; namely, to Mrs. Warner.

Kathryn M. Wood

TO THE EDITOR:

The Cooperator has been used, at various times, as the medium for discussion of matters of interest to all citizens of Greenbelt. Nevertheless, there is one subject of vital interest to all of us which has been comparatively untouched. I am referring to the operation of our consumer services - Food Store, Drug Store, Filling Station and Barber Shop - especially the Food Store, which receives a large slice of our salary checks.

Our wives are rapidly being educated to judge quality of food products offered for sale in the store, and that information is valuable. But before long, the citizens will be asked to vote on the plan of future operation for our stores, with the expectation that we will decide in favor of cooperatives.

Would it not be well, in view of that fact, if we were given a few facts and figures relating to present and past operations? The only figures relating to the Food Store appearing in the Cooperator in the last few months at least, have been on volume of sales. We need more pertinent information, including: Cost of goods, total overhead, salaries, profit, etc. Civic organizations of Greenbelt have published their financial statements; why should not the Food Store publish its operating statements?

Greenbelt is the ideal testing ground for cooperatives. But cooperatives, like privately-owned businesses, fail when not properly managed or when the overhead is too high for the amount of business done. I do not intend to imply that our stores are improperly managed; out by giving us the figures now we will know better how to plan for the future. Let's make sure that our cooperatives are the kind that will succeed.

William Kelsoy

Editor's Note. The Cooperator heartily agrees with Mr. Kelsoy and has obtained the assurance of Mr. Jacobsen that these reports will be forthcoming. Of course, the value of any of these reports depends upon the consideration given them by the citizens.

(FOURTH OF JULY continued)

planned by George Fair and Charles G. Pettit,

CUSTER'S LAST STAND

Volume 1 Number 17

Bingo is making its way into Greenbelt. Bingo is a great pastime.

Bingo is an effective way for worthy organizations to raise money from their communities painlessly. Bingo is sponsored by churches, benevolent organizations, firemen, and policemen.

Nevertheless, I believe Bingo is detrimental to the public good.

Although it is an absorbing pastime it is not recreational. It develops no skills, fosters few social amenities, gives joy to a small proportion of the participants, and takes from the participants, as a group, more than they can afford, both in money and in time.

Greenbelt organizations should not ask Greenbelt citizens to spend their evenings passively, hoping against hope for lucky numbers to fall. They should offer programs that challenge active participation and that contribute positively to the cultural and recreational aspirations inherent in the very creation of Greenbelt.

Howard C. Custer.

and staged at the float. Lifeguard Fair, who acted as announcer, greatly amused the audience with his humorous comments. The show was stolen, however, by Mary Provost and Tom Poston, who put on a farcical Chinese life-saving act.

The only casualty at the lakefront, suffered by Mrs. Hannah Spector, who was in charge of a shooting gallery concession, was hit in the left eye by the cork from a rifle, when it went off unexpectedly while in the hands of a youngster, a customer. Mrs. Spector's eye is improving.

The fireworks, staged at the south shore of the lake, just to the right of the dam, began at about eight o'clock and lasted for more than an hour. More than 100 shells, ranging in size from one inch to five, were fired, as well as a number of festoons, torrents, glitters, and bombs traveling 300 to 400 feet in the air. Fifty mortars, from two to six inches, were used. Ten pinwheels added much to the spectacle. The display cost \$200.00.

Next week's issue will carry a complete list of the winners of the various contests.

TO THE EDITOR:

The summer sports are now all in their full glory and everyone seems to be satisfied with the programs arranged so far; but does anyone stop to think of the program that must be prepared for the fall and winter. Our community has a very active Athletic Club but can it sponsor such sports in the winter season as: Bowling, Swimming, Basketball, Indoor Softball, Volley Ball, Handball, and other types of indoor physical exercise on one or two evenings in our school gym? The answer without a doubt is NO.

It must be remembered that our residents are interested in some sort of sport and to continue such a well planned program many things are needed. The problem may seem minor to many people but it is a very vital one to the future of your community. It will continue to spread that spirit of good sportsmanship which goes far in a cooperative community of this type. It will teach our children the principles of many sports which otherwise they would not have the opportunity to learn.

Could we not support a Bowling Alley, with eight allies, here during the season? Is there enough available gym space to satisfy the school, the men's Basketball teams, and Volley Ball along with the other meetings which shall have a claim to certain nights in the gym during the winter? Where could our lovers of swimming go and take their dip during the winter months? Would it not be feasible to have a large hall where we could have a dance or play or any entertainment to help derive some money towards furthering the programs of the organizations sponsoring such a program?

The solution to all this is the erection and outfitting of a large Recreation Center. Somehow, we the residents of Greenbelt, have taken to sports in such a great way that the present dryup is not going to be in keeping with our demand. As a community which has made such advanced steps in every undertaking and having such a wonderful management and government we should put forth our efforts to obtain this Recreation Center. Our City Manager, our Mayor, our Council, our Citizen's Association, our Legion Post, our

GREENBELT TO HAVE KINDERGARTEN

Greenbelt will have a kindergarten this fall! A committee of eight women has been formed to consider and promote the enterprise, and applications for the position of teacher and supervisor are already pouring in. A minimum salary of \$1250 is being offered and it is hoped a well-qualified, interested, eager person will be obtained for the position. The applications so far received are most promising.

Letters requesting information about possible applicants have been sent to Columbia Teachers College, Oberlin College, Newark State Teachers College, National Kindergarten College, the University of Iowa, the University of Minnesota, the Bank Street Schools, and Merrill Palmer School.

Several authorities on Greenbelt's distinctive problem have expressed their interest and willingness to help. From the FS the support of Mr. Robert Neary and Mrs. Rose W. Alpher has been offered. Dr. Mary Dabny Davis of the Department of Education, Mr. J. Heiney of the Child Research Center, Washington, and Miss Edna McNaughton of the University of Maryland also will gladly give suggestions and advice. The committee has already met with a number of these people.

The Committee consists of Mrs. Fulmer, chairman, Mrs. East, Mrs. Mooney, Mrs. Schwarz, Mrs. Lastner, Mrs. Malkin, Mrs. Strickler, and Mrs. Ferguson.

LOST AND FOUND SERVICE

The Information Desk of the Community Manager's office is also Greenbelt's Lost and Found Headquarters. Articles found should be left there by finders, and articles lost claimed there by losers.

GREENBELT STORES HAVE REGULAR OUT OF TOWN CUSTOMERS

It was learned from members of the Food Store staff that regular customers have been coming from Washington, Hyattsville, Silver Springs and Berwyn to shop in the "Co-op" Food Store.

Athletic Club, our Parent Teacher's Association, and our many other organizations can really assist this movement toward the achievement of such a building. Let's all move in the same direction.

Lester M. Sanders

Mrs. Greenbelt

SOCIAL NOTES

Mrs. Harry Le Grand and daughter Ruth Anne, and Mrs. John Le Grand, who have been visiting Mr. and Mrs. Leon Benefiel 60-B Crescent Road for the past three weeks, returned on July 1 to their homes in English and Corydon, Indiana.

Mr. Wesley Butler of Rossell, New Mexico, is visiting Mr. and Mrs. Robert Whiteman, 6-B Hillside. Mr. Butler is Mr. Whiteman's cousin, and like him is engaged in radio work, in which he has distinguished himself both as an announcer and as an organist.

The Benefiel family of 60-B Crescent Road left on Friday morning, July 1, for an extended motor trip, including Pittsburgh, Pa., Cleveland, Ohio, Corydon, Indiana and neighboring towns. They will return to Greenbelt sometime during the last week of July.

Col. and Mrs. Clifford McMann of Grand Rapids, Michigan, stopped at the home of Mr. and Mrs. H. A. Nyhoff, 7D Hillside, last week on their way to Gettysburg, Pa. where Col. McMann is to represent Governor Murphy of Michigan. He is the Commandant of the Michigan Soldiers Home.

Mr. and Mrs. Lambert Brezina, 2-F Gardenway, have had as their guests Mrs. Brezina's mother, two sisters, nephew and brother-in-law, who motored up from Springfield, Mass.

Mr. and Mrs. Joseph Reminick, 3-J Eastway, have as their guest Miss Colia Hodus of Cleveland, Ohio, sister of Mrs. Reminick.

Mrs. Volckhausen, 6-K Hillside, and her sister-in-law, Miss Volckhausen, recently returned from a three-weeks' trip to Massachusetts.

On Wednesday evening, June 22, the Women's Discussion Group of 11 Ridge Road, and their husbands gave a surprise anniversary and birthday party for Mr. and Mrs. Guy Andrus and their daughter Geraldine, of 11-R Ridge Road. Mr. and Mrs. Andrus have been married eighteen years; their daughter was thirteen.

Those present besides the honor guests were: Mr. and Mrs. Ausborn Dawson, Mrs. Carl Jernberg, Mrs. Lyles, Mr. and Mrs. Harry A. Bates, Mr. and Mrs. Guy Bowen, Mr. and Mrs. Richard Mark, and the children Phyllis Warner, Betty and Julius Andrus, Dale and Kenneth Jernberg, Richard Bates.

Ice-cream was served with beautiful huge cake baked and presented by Mr. Dawson, who is a professional baker.

Mr. and Mrs. George Berkalew, 33-H Ridge Road, and their daughters Nella and Dorothy left last Friday noon, July 1 on a motor trip to their home, White-water, Wisconsin. They will visit friends in Janesville, Wis. and will return in a week or two.

Mr. and Mrs. Richard Johnson of Columbus, Ohio, spent last weekend, their honeymoon weekend, with Mr. and Mrs. Byron Roshon, 19-B Parkway.

On Saturday, Mr. and Mrs. Byron Roshon and their 15 months-old daughter, Claudette, will leave for Coshocton, Ohio, where they will visit and where Mrs. Roshon will enter the hospital for an operation. They will be away from Greenbelt about one month and a half.

Mrs. W.D. Bryan and her daughter Barbara, who have been visiting Mrs. Bryan's sister, Mrs. C.C. McDougal, 2-D Southway, left last week by plane for their home in Denver, Colo. where Mr. Bryan is connected with United Air Lines.

MRS. GULLIBLE ADVERTISEMENTS-----

By B. Maryn

It has been called to the attention of this column that its title is not exactly appropriate.

The Cooperator welcomes at all times any suggestions that its readers wish to make. Please send in questions and suggestions. That is the only way the Cooperator can ascertain whether or not its columns please its readers.

POTS AND PANS

Modern times with its stream-lined effects in shapes and colors and modern production methods have turned mildady's head when shopping for kitchen utensils.

That the manufacturers omit, the salesmen armed with culinary talent that is the envy of every housewife, and gift of gab that many a lawyer lacks, storm ruthlessly and persistently to sell their wares.

Many and varied are the claims. Many are called but few are chosen--many have claims but few are justified.

One of the worst types of advertising is the Home Demonstration type. The salesman gathers 10-12 women in one home (the hostess receives a free pot or pan) cooks a complete dinner, serves it and then proceeds to sing the virtues of the pots and pans in question. Then each diner is visited by the salesman and 'given the works.' Not only is this an unethical way of advertising but a very costly one--thus adding to the cost of the product which the consumer pays. Some of the exorbitant claims for these aluminum pots and pans are that only these pans require no water and that their use will prevent and cure stomach ailments. There are many types of pots that can be used with little or no water, especially when cooking on an electric stove providing a tight cover is used. The prices of such highly advertised sets often reach 3 figures, individual pans selling as high as \$10.

Before Mrs. Consumer sets out to buy her pots and pans she would do well to learn a few facts from an unbiased party. (To be continued next week.)

THE YOUNGER SET

Wasn't that a grand celebration at the Lake Monday. It was the first Fourth of July for lots of us. And was it fun watching the beautiful fireworks display from our carriages? We'll say. And didn't all of you enjoy the swimming exhibition? Very soon we'll have to start taking lessons, or wading, anyway, so that in a few years we'll be able to take care of ourselves in the deep water.

We've been trying to find out this week what kind of games little girls like to play. One young lady with whom we spoke was Joan Murray, 3 years old. She likes to play "Drop the Handkerchief," "Ring Around the Rosy," and "London Bridge is Falling Down." Joan fell off her bicycle and hurt her knee last week, but now she is doing fine. When we asked Joan what she wanted to do when she grew up, she replied, "I want to go to school."

Marilyn Eshbaugh likes to play "Blind Man's Buff," "Have you Seen My Sheep," and "Farmer in the Dell." So does Ina James, Marilyn's little friend. Ina also likes the game "Heavy, Heavy, What Man's Over Thy Head." When Ina grows up she wants to be a "nice lady." You don't have to worry, Ina. You are a little lady, already.

Eugene Slusser will likely be fond of cherry trees when he grows older for he was born 16 months ago on George Washington's birthday.

Some sisters and brothers in Greenbelt have birthdays very close together. For instance, Jerry and Joanne Hitchcock. Jerry was Joanne's birthday present. Joanne was four years old March 31; Jerry was two April 1.

Doris Ann Day, 15 months old, mimics everything her 3-year-old sister, Nancy Estelle, does and says. Nancy is helping Doris with her talking, for their mother says they are talking constantly together. Doris Ann started walking alone when she was 11 months old.

We'll see you next week. We must hurry and get ready to go for our buggy ride and help Mother buy the groceries and get the mail.

Toni Larmore

On Tuesday night, June 21, a Consumer Discussion Group met in the home of Mrs. Florence Skop. Mrs. Freda Perlschwieg led a study of cosmetics. We learned that many "beauty aids" which we use are of no benefit to our skins and therefore unnecessary. After the discussion Mrs. Skop served punch and cookies. Those present were Mrs. Geo. Tretter, Mrs. Thomas Whitely, Mrs. Faye Howard, Mrs. Perlschwieg, Mrs. Skop, and a visitor from Washington, Mrs. Saul Abrahams.

Consumer Discussion Group 18 met Tuesday evening, June 28, at the home of Mrs. George Tretter. Mrs. Faye Howard led a discussion of the manufacture and uses of various kinds of soap. The Group is planning an exhibit of their findings for display in the Drug Store.

Following the discussion, Mrs. Tretter served dewberry pie and hot tea. Those present were: Mrs. W.E. Kelsey, Mrs. I.N. Markfield, Mrs. Florence Skop, Mrs. Thomas Whitely, Mrs. E. Ratzkin, Mrs. E. N. Kolonsky, Mrs. Annette Coff, and a visitor, Mrs. Dorothy Fleisher.

LONG ISLAND COOPERATORS VISIT GREENBELT

Mr. and Mrs. Leon V. Kofod, Misses Winifred and Lottie Snell of Long Island N.Y., on a cross country tour to Mexico stopped in Greenbelt. Mr. Peter Carroll acted as guide and showed the party the town. Mr. Kofod is President of the Long Island Cooperative Federation representing 10 groups that consist of several stores, buying clubs and credit unions.

Master Paul Reamy, age 3 on the 29th of June, had a "Dessert" birthday party. Present were Beverly Lyman, Robert Nelson, Jean and Billy Donohue, Richard Burk, Kenneth Proctor, Mary Joyce Johns, Maureen Murray, Betty Falkenberg, Jimmy McCallum, Shirley Virginia Branch, Emily Custer. Games were enjoyed by all as were also the refreshments.

A surprise party was held for Irvin B. Reamy on the 18th of June. Those who were present were Mr. and Mrs. William Donohue, Mr. and Mrs. Wallace Nelson, Mr. and Mrs. Ralph Coffman, Mrs. Margaret Burke, Miss Virginia Robley, Mrs. Robley, and Mr. William Trone of Washington.

GARDENWAY COURT ORGANIZES SANDBOX

The Mothers of #2 Gardenway Court have organized to give their children supervised play at the sandbox. A meeting of the mothers was held one morning last week at the sandbox at which time Mrs. S. Hartford Downs of #2 N Gardenway, who was the original chairman of the group resigned due to the pressure of other activities. Mrs. Eric Fundin, #2 L Gardenway, and Mrs. Maurice Jenkins, 325 B Ridge Road were chosen to carry on the work which Mrs. Downs organized so efficiently. Mrs. H. Wendell Miller, #2 R Gardenway has been chosen Secretary-treasurer of the group. Splendid cooperation has been shown by all the other Mothers of this neighborhood. Plans are now under way to hire a young woman as supervisor for the sandbox, her salary to be paid by weekly contributions of the Mothers, thus assuring supervised play without taking valuable time from the Mothers housework. Plans are also being made for birthday parties, tea parties and picnics for the children.

INDEPENDENCE DAY BABY

One of the perhaps numerous persons having birthdays on the day of the declaration of independence of these United States is Mrs. Milton J. Thurber. Her father has always been slightly incensed over the occurrence due to the fact that he was forced to miss a good old-fashioned western Fourth of July celebration to play the role of proud father.

FIRST ISSUE OF CO*OP HEALTH MAGAZINE TO APPEAR IN JULY

New York - The first issue of "Cooperative Health", the official monthly journal of the Association of Medical Cooperatives will appear early in July. The new health magazine will contain articles by Dr. James P. Warbasse, President of the Cooperative League, Dr. Kingsley Roberts, Medical Director of the Bureau of Cooperative Medicine, Prof. C. E. A. Winslow of Yale University School of Medicine; Dr. Rufus Rorem, Group Hospitalization authority. The subscription rate for the magazine is \$2.00 per year.

SPORTS

DOPE FOR THE "LUPES"

By Geo. F. Carnes

Trying to turn out a column without inspiration is like raising vegetables without fertilizer. You dig, and you dig, and you don't get a sprig! Then too, knowing that in an hour or so you must face the good wife who will be waiting, arms akimbo, wrath written over her erst-while smiling countenance, who is going to demand your reason for leaving little Junior cackled away in a bureau drawer to rouse the neighbors with his lust howls of indignation at being thusly humiliated while you, you ingrate, (meaning me, I suppose) sneak away to write a miserable sports column.

What price a sports column!

Would that I had as little trouble writing this as George Talbott and Hohnny Lyons did in getting their golf tournament under way. Only two weeks in the making and already over fifty golf enthusiasts with their names on the dotted line! The women too, not to be outdone by their better halves, have donned their war bonnets and are out for blood. Mrs. Jacobson was appointed to the committee to look after the rights of the fair sex and reports that interest is running high in the kitchen camps.

Golf, to my way of thinking, is the game of all games. When a man gets too old to chase anything else, he can still chase those little white balls around the course and saunter into the office the next morning with a chip on his shoulder and a gleam in his eye and a tale on the tip of his tongue that would do credit to a master mariner. Scores in the 99's and scores in the 100's dwindle down to 70's and pars when the old imagination gets to working. And woe betide the man who has the effrontery to scoff at this teller of tall tales!

When these qualifying scores begin to come in, just keep your ears open, you'll get the idea!

Statistician - Bob Baughman

OUT OF TOWN GAME

The National city Christian church came to Greenbelt, met the Greenbelt Allstars, and went away holding the short end of a 8-3 score. Ed Trumbulo and Al Bracken, battery for the All-stars played a jam-up game and worked the visitors for all it was worth.

A strong team from the I.C.C. is expected to give the Greenbelters a run for their money next Saturday.

AWARDS TO BE GIVEN

Through the courtesy of Low-Campbell Sporting Goods Store, two trophies will be given to the cohorts of softball at the end of the season. To the winner of the G.A.C. League a gold cup will be presented. After the regular leagues games are over, a representative team from each block will be chosen and little world series will be played, the winner to be presented with a handsome trophy. Both trophies will be on display in the drug store window next week.

CLIFF DWELLERS VICTORS

Saturday July 2, the Cliff Dwellers added another to their long list of wins at the expense of the Snob Hillers to the tune of 8-3, Barker, hurling for the Dwellers, practically won his own game by slamming out two circuit clouts in succession.

FISH ORDINANCE TO BE PROPOSED

Mr. Thomas R. Freeman, Chairman of the Legislative Committee of the Citizen's Association, with the help of local experts, is studying prevailing fishing ordinances and is preparing a tentative ordinance for Greenbelt, to be submitted for consideration at the next Citizen's Association meeting.

LEAGUE STATISTICS

By Bob Baughman

	G	W	L	Pct.	G.B.
Cliff Dwellers	3	3	0	1.000	0
Cubs	4	3	1	.750	$\frac{1}{2}$
Bombers	3	2	1	.667	1
Red Birds	5	3	2	.600	1
Snob Hill	5	3	2	.600	1
Cee Lions	4	2	2	.500	$1\frac{1}{2}$
Bees	5	2	3	.400	2
Emeralds	3	0	3	.000	3
Paradise Lane	4	0	4	.000	$3\frac{1}{2}$

RESULTS

6/24 Cliff Dwellers, 10 Bees, 8
 6/25 Red Birds, 8 Cee Lions, 4
 6/26 Snob Hill, 6 Bees, 1
 6/27 Cliff Dwellers Vs. Bombers - Rain.
 6/28 Cubs 9, Snob Hill 6
 6/29 Cliff Dwellers 4, Red Birds 3
 6/30 Bombers 12, Emeralds 7
 7/1 Bees 16, Paradise Lane 7

FUTURE GAMES

7/5 Bombers Vs. Cubs
 7/6 Emeralds Vs. Snob Hill
 7/7 Bombers Vs. Red Birds
 7/8 Cubs Vs. Cee Lions
 7/9 Cliff Dwellers Vs. Paradise Lane
 7/10 Bombers Vs. Snob Hill

In next week's issue of this paper we hope to have the individual standings of each player, or at least the ten leading hitters. It is forecast by "Pop" Widger and his gang that all efforts to dislodge them from top position will be as futile as those in the past. There has been quite a shift in the team standings as will be noticed by the records. The Cubs who were in 6th place, took a jump up to the first division and are crowding the Cliff Dwellers to a $\frac{1}{2}$ game handicap.

One defeat of the Cliff Dwellers with the Cubs taking all their games will place a new team on top. Three other teams, viz., Bombers, Red Birds and Snob Hill are only one game behind the leaders and with such a close margin, anything can happen.

The Emeralds and the boys from paradise lane still have a death grip on the none too coveted cellar position.

AMERICAN LEGION BASEBALL

We hope the following circular will have reached you by this time and will have been favorably considered: RESIDENTS OF GREENBELT:

There would be no representative baseball in Greenbelt if the American Legion had not organized a Boy's team. Supplying this team with uniforms and equipment costs money. At this time no one organization in Greenbelt can supply all of the funds required.

THEREFORE, we, as individuals, ask all residents to make a small contribution to be used to purchase for the team the equipment required. H. O. Molsness, Commander, American Legion, Francis J. Lastner, President, Citizens Assn., George F. Bauer, President of Greenbelt Athletic Club, Peter J. Carroll, Chairman, Cooperative Organizing Committee.

Greenbelt is to have three baseball diamonds--two for softball and one for hardball.

JUNIORS GET ATHLETIC EQUIPMENT

The Junior Citizen's Association now has four baseball bats and a dozen balls and will have more recreational equipment soon, according to John Bozock, who has been acting as purchasing agent for the group.

These purchases are being made from a fund of \$30 set up by contributions of \$10 each from the American Legion, the Athletic Association, and the Citizen's Association. \$11.20 has already been spent. Whatever is left after basic equipment is obtained will go directly into the Junior Association treasury.

Four more bats were contributed by the Athletic Association from its supply and are being shortened and reconditioned by the Hobby Club for the Junior's use.

GREENBELT POPULATION 2,540

The population of Greenbelt on July 2 was 2,540 (717 families). The present schedule of admissions has August 1, 1938 as the date when the full quota of 885 families will be here.

MEDICAL BOARD THANKS CO-WORKERS

TO THE LADIES--

who volunteered services at the Health Center from April 1 to June 1.

TO THE HUSBANDS--

who were served late dinners because of late office hours at the Health Center.

TO THE PATIENTS--

who sometimes had their heads placed where their feet should have been on the examining table; but withal were able to grin and bear it.

to all these,

OUR THANKS AND APPRECIATION

Now that the Greenbelt Health Center has obtained the regular services of a graduate nurse, Mrs. John Perkins, R.N. the public spirited citizens who gave so generously of their time may divert their talents and efforts into other worthwhile community projects.

Jessie L. Letkemann

WORK REPORT DUE

Cooperator workers should turn in the number of hours during June they worked on the paper, by July 13.

Dividends are being credited to each worker's account according to profits as shown on the books. Both May and June dividends are now due to be paid, and they will be as soon as enough of the Accounts Receivable now outstanding are collected. Collections of these Receivables has lagged during a period when we lacked a business manager, but now that we have a new manager hustling around, we should all have some extra pin money soon.

WANTED: NEIGHBORHOOD REPORTERS

The Cooperator is striving to report the important events of every family in Greenbelt. It recognizes no "best" families; plays up no favorites.

So that it may more nearly achieve its aim, the Cooperator has divided the town into "beats" and is now asking for reporters to cover each beat.

Residents of each beat, as outlined below, may either apply for the job themselves or nominate one of their neighbors for it. The extent to which each neighborhood unites with the Cooperator in this matter will determine how well the neighborhood is covered, for all the paper's workers are serving on a spare-time basis, and this is a large town, so large that no one of these workers can do justice to more than a small portion of it.

Reporters will receive Press Cards which will serve to introduce them to their beats, and will entitle them to share in profit distribution and to enjoy other privileges from time to time.

Applications or nominations may be dropped in Cooperator box or mailed, or they may be made by phoning the Acting Editor at Greenbelt 4692.

The beats follow. Some are larger than others, for one reason or another. None should be too large for one person to handle, but adjustments may be made at any time.

LYMAN L. WOODMAN WRITES ABOUT GREENBELT

The June issue of the Civil Service Commission NEWS contained a comprehensive, well written article about Greenbelt by Lyman L. Woodman, 40-E Crescent Road.

The article was illustrated by pictures of the School, the Drug Store and Theater, and a group of apartments.
